DevOps / SCM	GitLab, SVN, IIS Deployment, NuGet, APK Deployment
Tools	Visual Studio, SSMS, Postman, Android Studio

PROFESSIONAL EXPERIENCE

Popway Software Pvt Ltd – **Senior .NET Developer** *May 2022 – Present | Surat*

Industry Domain: *Healthcare IT, FMCG Distribution, Supply Chain, and ERP Systems*

- Developed and maintained enterprise-level ERP applications.
- Worked on complete SDLC including design, development, testing, and deployment
- Developed and managed multiple modules including lead management, patient management, appointment scheduling, clinical screen, HR, KRA, reporting systems and manage inventory etc.
- Worked on inventory, supply chain, and reporting modules for efficient product tracking and distribution.
- Improved system performance and optimized database queries
- Collaborated with cross-functional teams to deliver scalable solutions
- Mentored junior developers, providing technical guidance and code review support.

BlueBit Technologies – **ASP.NET Core With Angular Developer** *March 2021 – April 2022 | Surat*

Industry Focus: *Online Gaming & Betting Platform (Confidential International Client)*

- Developed web applications using ASP.NET Core and Angular.
- Built REST APIs and integrated frontend with backend services.
- Worked on hybrid mobile applications using Cordova.
- Delivered high-quality solutions within deadlines.

Silicon Infovision Pvt Ltd – **ASP.NET Developer** *January 2017 – March 2021 | Surat*

Industry Focus: *Office Management Portals, Diamond Manufacturing ERP, Mobile Applications*

- Developed web and mobile applications using ASP.NET MVC, Web API, AngularJS, jQuery, JavaScript, jQuery Mobile, HTML, CSS.
- Built hybrid Android applications using Cordova

- Worked on multiple client projects including MPs Office Management applications.
- Create mobile application design using jQuery Mobile, HTML, CSS, jQuery and JavaScript.
- Worked on diamond industry web application or Oracle forms.

KEY PROJECTS

Sakhiya Skin Clinic ERP

- Developed and maintained complete clinic management system and inventory system.
- Modules: lead management, patient management, appointment scheduling, clinical screen, HR, KRA, reporting systems and manage inventory etc.
- Improved operational efficiency and data management.
- Worked on performance tuning and query optimization to improve application efficiency.
- Created RESTful Web APIs for Sakhiya Skin Clinic application to support seamless integration with frontend and mobile apps.
- Developed secure APIs for Guest, Customer, and Patient users, including patient photo, billing, and appointment features to ensure efficient and reliable data handling.

Kalory ERP

- Developed and maintained order management and inventory system.
- Implemented modules like order prediction, confirm, dispatch, deliver, return and return reconcile handling.
- Developed RESTful APIs for Kalory application to manage orders, inventory, and daily operations.
- Built APIs for employee login, product delivery, and return processes, improving API performance and ensuring secure data transfer between frontend and backend systems.

Tapi Fruit ERP

- Developed and maintained Tapi Fruit ERP modules including inventory, order management, and supply chain operations
- Optimized database queries and backend processes to enhance system performance and ensure efficient product tracking.

BABA Water ERP

- Worked on BABA Water ERP system, developing modules for order management, inventory tracking, and daily operations.
- Developed RESTful APIs to connect frontend and backend systems for smooth data flow.
- Built APIs for customer orders, delivery tracking, and billing processes.
- Improved API performance and ensured secure data handling for reliable system operations.

Hybrid Mobile Applications

- Developed Android apps using Cordova for multiple clients
- Integrated APIs and handled real-time data.

EDUCATION

Master of Science (M.Sc.) — Computer Science **2011 – 2013**
Kaviyatri Bahinabai Choudhary North Maharashtra University, Jalgaon, Maharashtra

Bachelor of Science (B.Sc.) — Computer Science **2008 – 2011**
S.P.D.M. SMA Arts, Commerce and Science College, Shirpur, Maharashtra

STRENGTHS

- Full Stack Development (Frontend + Backend + DB)
- Problem-solving and debugging.
- Team collaboration
- Quick learner and adaptable
